## Sunday September 8<sup>th</sup>

09:00	Revise closing presentations
11:00	Brunch in the HackFest auditorium
12:00	Regione Campania: Innovation eco-system
12:15	Team presentations
14:15	Evaluation Committee decisions
14:30	Feedback
14:45 - 15:00	Awards

# FAQ

**HackFest**  
Sfida finale all'ultimo bit

- **What should I bring with me?**

A laptop with administration rights and one of the following OS: Windows-XP, Vista 7, 8 or 10.

- **Where is the HackFest located?**

In STMicroelectronics premises at Via Remo De Feo 1, Arzano (NA) in the Arzano-Casoria-Frattamaggiore (ACF) industrial area.

- **Is an agenda of the HackFest available?**

Yes, take a look to NeaPolis Innovation website. The HackFest is on Saturday 7 September from 9am to 6pm and continues on Sunday 8 September from 9am to 3pm.

- **Is parking available?**

Yes, about 50 parking slots are available before entering the site.

- **Is lunch available?**

Yes, meals will be available for free at the STMicroelectronics canteen between 1:30pm and 2:30pm on Saturday and there will be a brunch on Sunday.

- **Is WiFi available?**

WiFi will be available to download datasheets and software tools only.

- **The HackFest is for "experts". Am I an "expert"?**

If you have used any microcontroller and have a good knowledge of C, then you are an "expert".

- **How is the HackFest organized?**

There will be three collaborative challenges:

1. Get your application / idea running on STM32 Nucleo and add an x-Nucleo or "shield" expansion board of your own choice.
2. HackFest Knowledge Challenge.
3. HackFest Mystery Challenge.

- **Can I bring my own components, or shields?**

Yes, if you wish to, please do.

- **What if I don't have an application or idea or SW tools? I'm a bit worried.**

No problem, NeaPolis Innovation tutors will help you. The idea is to collaborate.

- **Do I need to be in a team?**

Yes. If you registered as a single, we will match you with someone else in order to build a team.

- **How can I participate?**

You can register visiting [pepite.info/blog/ni-hackfest-19](http://pepite.info/blog/ni-hackfest-19)
